GCE has initiated a voluntary Field Safety Corrective action for the above listed products. This Field Safety Notice is an extension of Field Safety Notice issued on July 1, 2016, which is the appendix of this document. Annex No.1 Field Safety Notice_S2+ Multistage Regulator_AGA 1607

GCE a lancé une action corrective volontaire de sécurité pour les produits énumérés ci-dessus. Cet avis de sécurité est une extension de l'avis de sécurité émis le 1er juillet 2016, en annexe de ce document. Annexe n ° 1 Avis de sécurité_S2 + régulateur double détente AGA 1607

Problem description:

GCE has identified a potential problem with other batches of bonnets. There can be a potential failure situation with mechanical damage/disintegration of the bonnet during use. This situation when the regulator bonnet cracked where the spring and washer contacts the regulator bonnet causing part of the bonnet to separate is shown in pictures below.

Description du problème :

GCE a identifié un problème potentiel avec d'autres lots de cloche. Des dommages mécaniques / une rupture de la cloche peuvent se produire pendant l'utilisation. Ci-dessous, les photos montrent la cloche rompue à l'endroit où le ressort et son poussoir exercent leur effort sur la cloche.

Risk Assessment:

Following a risk assessment GCE has evaluated this as a risk for the user and due to this GCE has decided to implement following Field Safety Corrective Action:

- Distribution of the Field Safety Notice for attention of customers, distributors, sales personnel and users of High Pressure Regulator MMR products.
- Instructions for corrective action – see below for recommended action to be taken by customers, distributors, sales personnel and users of High Pressure Regulator MMR products.

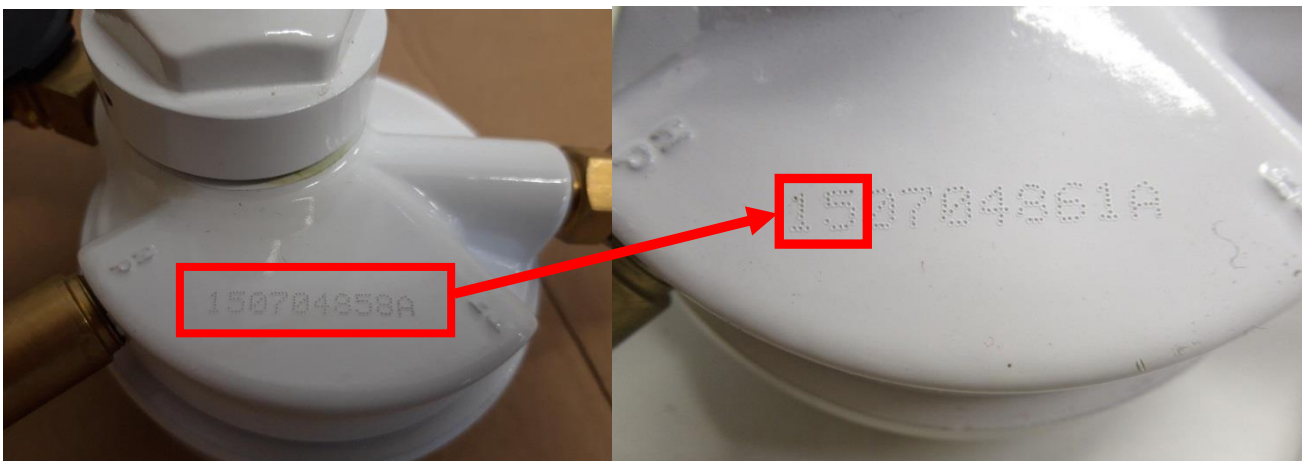

Analyse des risques :

À la suite de l'analyse des risques, GCE a évalué un risque pour l'utilisateur et, par conséquent, GCE a décidé de mettre en place les actions correctives suivantes :

- Diffusion de l'avis de sécurité à l'attention des clients, des distributeurs et des utilisateurs de détendeurs haute pression MMR.
- Instructions pour les mesures correctives - voir ci-dessous les mesures recommandées à mettre en place par les clients, les distributeurs et les utilisateurs de détendeurs haute pression MMR.

Recommended actions Actions recommandées

1. Visual check of the serial number on the regulator body as indicated below then cross-check against the list of affected products attached below.
Vérification du numéro de série visible sur le corps du détendeur comme illustré ci-dessous, puis vérification avec la liste des produits concernés ci-dessous
2. If the first and second digits of the serial number are **15** or **16** (from **1501XXXXXX** to **1612XXXXXX**)
Si les deux premiers chiffres du numéro de série sont **15** ou **16** (de **1501XXXXXX** à **1612XXXXXX**)
 - 2.1 Do not use the product
N'utilisez pas le détendeur
 - 2.2 Contact the distributor or company that sent you this safety notice or your local GCE representative for replacement of the product.
Contactez le distributeur qui vous a envoyé cet avis de sécurité ou votre représentant GCE local pour le remplacement du produit.

Distribution and circulation of this Field Safety Notice (FSN)

The Field Safety Notice is communicated to all customers of the High Pressure Regulator MMR with suspect batches and is also communicated to competent authorities in the affected markets. Receivers should pass this FSN on to all persons with a need to be notified from within your organisation or to any organisation where the potentially affected products have been supplied. Please consider end users and others within the supply chain in the circulation of this notice.

GCE is committed to providing high quality, safe products. We sincerely apologise for any inconvenience this FSN may cause to you and your operations. If you have any other questions, do not hesitate to contact your local sales representative or any GCE Sales Unit.

For local contact information please go to **www.gcegroup.com**.

For and on behalf of GCE,

Distribution et diffusion de cet avis de sécurité (FSN)

L'avis de sécurité est communiqué à tous les clients de détendeurs haute pression MMR dont les lots sont potentiellement suspects, il est également communiqué aux autorités compétentes des marchés concernés. Les destinataires doivent transmettre cette notice à toutes les personnes ayant besoin d'être informées au sein de leur organisation ou à toute organisation où les produits potentiellement concernés ont été fournis. Veuillez tenir compte des utilisateurs finaux et des autres acteurs de la chaîne d'approvisionnement lors de la diffusion de cet avis.

GCE s'engage à fournir des produits sûrs et de haute qualité. Nous nous excusons sincèrement pour tout désagrément que cette action corrective pourrait vous causer à vous et à vos exploitations. Si vous avez d'autres questions, n'hésitez pas à contacter votre représentant commercial local ou toute unité commerciale GCE.

Pour obtenir des informations de contact local, veuillez visiter notre site internet www.gcegroup.com.

Pour et au nom de GCE,

Ing. Vlastimil Strnad
Quality and Lean Sigma Manager
